Assertiveness And Self-Confidence

Self-confident and assertiveness are two skills that are crucial for success in life. If you don't feel worthy, and/or you don't know how to express your self-worth when communicating with others, life can be very painful. These skills will provide opportunities and benefits to your participants in their professional and personal lives.

The Assertiveness And Self-Confidence workshop will give participants an understanding of what assertiveness and self-confidence each mean (in general and to them personally) and how to develop those feelings in their day-to-day lives. These skills will encompass many aspects of your participant's lives and have a positive effect on all of them.

Communication Strategies

For the better part of every day, we are communicating to and with others. Whether it's the speech you deliver in the boardroom, the level of attention you give your spouse when they are talking to you, or the look you give the cat, it all means something.

The Communication Strategies workshop will help participants understand the different methods of communication and how to make the most of each of them. These strategies will provide a great benefit for any organization and its employees. They will trickle down throughout the organization and positively impact everyone involved.

Career Development Skills Courses

Creative Problem Solving

In the past few decades, psychologists and business people alike have discovered that successful problem solvers tend to use the same type of process to identify and implement the solutions to their problems. This process works for any kind of problem, large or small.

The Creative Problem Solving workshop will give participants an overview of the entire creative problem solving process, as well as key problem solving tools that they can use every day. Skills such as brainstorming, information gathering, analyzing data, and identifying resources will be covered throughout the workshop.

Career Development Skills Courses

Developing Creativity

Children have an innate creative ability when they are born, but for some reason adults can lose it along the way. Your participants will move out of the mundane, be more curious, engage, and explore new ideas. Recognize creativity and be ready when it happens.

With our Developing Creativity course your participants will learn how to remove barriers that block or limit their creativity. They will improve their imagination, divergent thinking, and mental flexibility. Participants will learn mind mapping, individual brainstorming, and when to recognize and look for what inspires them to be more creative.

Career Development Skills Courses

Digital Citizenship

Our Digital Citizenship course will give your participants the guidance needed in the ever changing digital world. As our lives are lived more and more online we all need to translate our social skills into the virtual world.

Digital Citizenship allows us to connect, collaborate, and share by using technology appropriately. In person meetings are on the decline which makes it necessary to engage people digitally. Being a good digital citizen means you have a set of skills to work in the digital world.

mLearning Essentials

Mobile learning, or mLearning, is defined as the delivery of learning, education or training on mobile devices, such as mobile phones, tablets, laptops or PDAs. mLearning allows training and support to be taken anywhere, making it flexible and convenient for companies to use.

With our mLearning workshop, your participants will begin to see the importance and usefulness of mLearning in any organization. By absorbing the ins and outs of utilizing mLearning, participants will possess the skills needed to take advantage of this new technology, in order to educate employees and clients more efficiently.

Career Development Skills Courses

Negotiation Skills

Although people often think of boardrooms, suits, and million dollar deals when they hear the word *negotiation*, the truth is that we negotiate all the time. Through this workshop participants will be able to understand the basic types of negotiations, the phases of negotiations, and the skills needed for successful negotiating.

The Negotiation Skills workshop will give your participants a sense of understanding their opponent and have the confidence to not settle for less than they feel is fair. Your participants will learn that an atmosphere of respect is essential, as uneven negotiations could lead to problems in the future.

Career Development Skills Courses

Personal Branding

Personal Branding is identifying your assets, characteristics, strengths, and skills as an individual. Understanding Personal Branding will provide advantages in your participant's personal and professional lives. Branding is a mix of how you present yourself and how others see you. It is important to be aware of how you are viewed.

With our Personal Branding course your participants will be able to share their vision and passions with others in your company. Utilize this knowledge through Social Media to define and influence how others see you. You are your brand so protect it. Live it.

Project Management

In the past few decades, organizations have discovered something incredible: the principles that have been used to create enormous successes in large projects can be applied to projects of any size to create amazing success. As a result, many employees are expected to understand project management techniques and how to apply them to projects of any size.

The Project Management workshop will give participants an overview of the entire project management process, as well as key project management tools that they can use every day. Working with project planning documents, such as needs assessments, risk management plan, and a communication plan will provide benefits throughout your organization.

Career Development Skills Courses

Telework And Telecommuting

Working in a home office requires a unique set of skills. Teleworkers or virtual employees have additional challenges created by not being in a centralized office. Communication issues alone make it a challenging job, and recognizing these challenges will help your participants become great teleworkers.

Through Telework And Telecommuting your employees will see a great improvement in their performance and well-being. Being a teleworker does have the advantages of flexible schedules, no commute, and saving the company money. Your participants will establish the additional skills needed to be successful in their work from home environment.

Career Development Skills Courses

Time Management

Personal time management skills are essential for professional success in any workplace. Those able to successfully implement time management strategies are able to control their workload rather than spend each day in a frenzy of activity reacting to crisis after crisis - stress declines and personal productivity soars! These highly effective individuals are able to focus on the tasks with the greatest impact to them and their organization.

The Time Management workshop will cover strategies to help participants learn these crucial strategies. Your participants will be given a skill set that includes personal motivation, delegation skills, organization tools, and crisis management. We'll cover all this and more during this workshop.
